DETAILED ACTION

Reasons For Allowance

The following is an examiner's statement of reasons for allowance: the prior art reference has failed to disclose or suggest a medical device comprising a shape memory alloy element having an associated martensite deformation temperature M_d , a deployed shape and a restrained shape. At or above M_d , when the medical device is deformed and held into an at least partially deformed configuration by a hollow delivery system, the shape memory alloy element is in an austenitic state (no stress induced martensite/SIM state exists). When the medical device is released by the hollow delivery system, the shape memory alloy element will self-expand into the deployed shape.

Claims 14-25 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vy Q. Bui whose telephone number is 571-272-4692. The examiner can normally be reached on Monday-Tuesday and Thursday-Friday.
